Re; Recertification as a DV Perpetrator Treatment Program.

Enclosed please find my application for recertification.

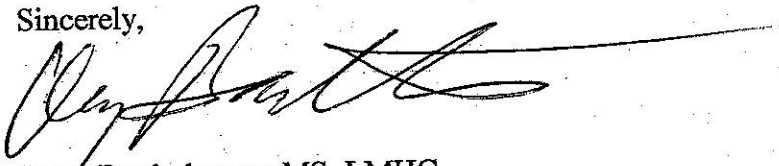

Per the instructions;

1. As director, owner, supervisor and staff of the program, my program complies with the conditions of WAC 388-60. In your recent audit there was only one procedures I had to update, and that has been done.
2. Enclosed please find my criminal background check with no violations noted.
3. I have never been party to a civil proceeding involving domestic violence.
4. Please see my enclosed mental health counselor license.
5. Please see the following evidence that I maintain cooperative relationships with local domestic violence victim programs and other local agencies involved with domestic violence intervention.
  - a. Letters of recommendation from the following state certified domestic violence perpetrator treatment programs;
    - i. Jay Williamson
    - ii. Dr. Dale Todd
    - iii. Joan Zegree
      1. Letters from the following individuals and agencies involved in local domestic violence victim programs
        - a. Tracee Parker, Safe Havens
        - b. Trese Todd, TAG program

- c. Leslie Savina, Northwest Justice Project
- b. The referral process that I have established for victims of domestic violence is that I contact all the victims of the men in my program and refer them to EDVP. The content of that referral process includes informing the victim per WAC 388-60 of the nature of the program, it's goals, limitations, and process, advise her regarding safety planning, referring her to EDVP, and opening the door for her to offer whatever information she would like about the nature of the domestic violence and any other input she would like to share or ask.
- c. I am an active, regular participant in
  - i. EDVIC, see letter from Jay Williamson
  - ii. Gold Standards meeting, see letter from Tracee Parker
  - iii. The ad hoc "SOC Committee", see letter from co-leader Joan Zegree

Thank you again for the chance to work together on this matter.

Sincerely,

Doug Bartholomew MS, LMHC
