Mr. Zeldenrust and Mr. Eldred,

I received the attached responsive documents (from a PDR I had submitted previously to the KC PAO) today.

Please consider this a Formal Demand and Notice.

I am troubled by a couple items; first is the inclusion of Paul Sherfey on many electronic communications, without a doubt Sherfey will be called as a witness in this case (likely other causes as well) your inclusion of him in attorney client discussions serves no purpose other than tampering knowingly engaging in this activity is a criminal offense as well as violations of the RPC's. While Mr. Sherfey is a member of the WSBA (WSBA #8726) he is prohibited from the practice of law so he cannot represent any defendant, he is not a named defendant in the instant case nor the other case which bears similarities to my case. My lawsuit was specific in declaring which capacity the defendants were being sued, professional and/or personal. Please cease and desist all further witness tampering with respect to Mr. Sherfey which is known and any unknown other parties or persons. I will be filing a criminal report with the King County Sheriff's office over this blatant molestation of a witness, which brings up another problem which I will be addressing at some point in this case, collusion of the actors of King County Superior Court and the King County Prosecutor's Office.

The fact that Sherfey is not a defendant and has been included in attorney-client and/or work product communications in another parties personal lawsuit, the fact that he cannot represent any of these people as counsel, leads me and any common person to conclude- You and your clients (the named defendants) have willfully and knowingly waived all claims to any attorney client and/or attorney client work product privilege.

If you will make some claim that any King County employee can be included in communications concerning lawsuits of specific employees and it will be attorney client that is unsupportable even in front of your clients.

I will be sending a formal challenge an/or filing a PRA action against the King County Prosecutor concerning the redaction's which involve Paul Sherfey claimed as attorney client and/or work product.

Please stop the criminal behavior.
